'Ukulele Lesson of the month

Aloha Kākou!

Hau`oli Makahiki Hou! We continue with our trip around the islands. This mele celebrates Maui's first passenger train service in July 1879 and is still danced to today. It operated between the seaport town of Kahalui and the plantation town of Wailuku.

The translation for this mele can be found on huapala.org and the MP3 track can be heard on seattleukulele.org/lessons. One of my favorite memories of Maui is when I backpacked inside Haleakalā Crater and down Kaupō Gap. On my last trip to Maui a couple of years ago, I stopped off at Kaupō Store where a cat is named Miau! Aloha to all the Maui folks here in the Northwest! Our next lesson takes us to the Pineapple island of Lāna`i.

Have fun as this mele can be a tongue twister!
